Shelby Motley, Age 28.

“Being a young mom, i am very interested in my daughter's life. I do need more online opportunities for connecting to the church than what are already provided. This would give me more confidence in the church we've chosen to join as well as a place for me to meet others like me. ”

Mark Hine, Age 52.

“As a Deacon in the church, I want this website to give us the chance to receive online Tithe and donations. This would help with organizing my own records and the churches as well. This is the age of technology, we should be using it. ”

Wilma Thorne, Age 52.

“I'm an elder in the church, I don't use my phone for facebook very much. I find it hard to understand and confusing. I'd rather type in the church's name into google and get a website I don't have to remember my login for. ”
